# Streng Agency Ranked in Top Ten.

## ***Streng Agency makes the list of top ten branding agencies in Chicago!***

**St. Charles, IL. (June 12, 2018)** – Streng Agency, one of the Midwest’s top ranked full-service advertising and brand marketing agencies, continues to receive accolades for the marketing and creative work it does in the national advertising arena. Clutch and Manifest firms from Washington D.C. have ranked Streng in the top ten this year for “Brand Marketing” in Chicago. This adds to a long line of acknowledgements Streng has received in recent years from the advertising community at large.

“We are always excited at the opportunity to do meaningful work for our clients, and it’s even better when we get recognized for excellence when doing so,” said Streng General Manager, Steve Clevenger.

Clutch awarded Streng a 4.7 out of 5 in their very stringent rating system, that analyzes all aspects of an agency’s capabilities as applied to specific brand marketing tactics. They also take into consideration client interviews that they conduct with every reference that the agency provides to them.

Streng President, Peter Schwartz (@peterstreng) commented, “Streng Agency is dedicated to providing the very best advertising, design, production, social media, and digital marketing services to our clients. Our unique approach helps us deliver [award-winning work](#) to our customers. But we’re not in it for the rewards; instead we care more about helping clients connect their brands to their customers.”

A client of Streng Agency recently put it best when they said, “Streng’s work on our website development for a new product launch resulted in record continuous sales the first year after launch. Their work is incredible and they’re extremely conscientious about sticking to project deadlines and key brand directives”.

### **About Clutch:**

Clutch and Manifest are Washington D.C. based firms that provide ratings and reviews of advertising agencies that help businesses make better informed decisions when they are selecting an advertising/brand marketing agency to do work with. Clutch has placed Streng in its top ten of “Chicago Brand Marketing Agencies” for 2018. This rating was the first time that Streng Agency took part in this national ratings system.
